## Local Centre Zone

### Issues

The Local Centre Zone (LCZ) provides for commercial, community and *residential activities* within the suburbs of Whangārei City, Ruakaka and Marsden Point. The Local Centre Zone is often the heart of a suburb providing a focus point for community functions and community identities. The Local Centre Zone services a wide area and contains activities such as supermarkets, a range of retail goods and services, small scale office activities and some community, recreation and health services.

Local Centres are identified in suburbs and are often anchored by a traditional main street with active street *frontages*, high levels of pedestrian activity and links to public transport networks. A mix of on-street and off-street parking is provided in these larger local commercial areas, reflecting the fact that they serve a wider catchment than the Neighbourhood Centre Zone. Opportunities exist for expansion and intensification to ensure that local commercial areas continue to meet the needs of the growing suburban populations.

The Local Centre Zones within each major suburb are described below. It is expected that the individual characteristics of each Local Centre Zone area will be recognised in the preparation and assessment of any resource consent application.

#### **Tikipunga**

Tikipunga Local Centre Zone is located to the west of Paramount Parade. The Local Centre Zone area contains a mix of *retail activities*, *food and beverage activities*, and service activities, including a supermarket, post office, *service station* and a medical centre. Most of the shops are connected with pedestrian walkways and *verandahs*, with a large on-site parking area to the front of the *buildings*. Tikipunga Tavern is also located to the west of Paramount Parade. Community facilities, including a library, are situated within public land zoned Natural Open Space Zone adjoining the Local Centre Zone to the north.

#### **Kensington**

Kensington Local Centre Zone is situated around the intersection of Kensington Avenue and Kamo Road. Food and beverage, *retail activities* and service activities are prevalent, including takeaways, restaurants, cafes, postal and banking services, and a *service station*. A traditional strip of mainly *food and beverage activities* is located along the western side of Kamo Road, with an *active frontage*, pedestrian footpaths and verandahs. Along Kensington Avenue there is a strong presence of medical service activities, including a private *hospital*, imaging facility and orthopaedic centre.

#### **Regent**

Regent Local Centre Zone is situated around the intersection of Kamo Road, Manse and Donald Streets, and is in proximity to the City Centre. The Local Centre Zone contains two supermarkets on separate

sites dominated by on-site, front of store parking. To the east of Kamo Road a more traditional strip of smaller scale *retail activities* and service activities are present with *active frontages*, pedestrian footpaths and verandahs. Several places of assembly and a school are also located in the Local Centre Zone.

### **Kamo**

Kamo Local Centre Zone is a compact mainstreet of *buildings* on, or in close proximity to, Kamo Road which provides a range of *retail activities*, service activities and *community activities*. The Local Centre Zone is bordered by schools, recreation areas, churches and identified *mining hazard areas*. Food and beverage activities, *retail activities* and service activities are prevalent, including takeaways, restaurants, cafes, postal and banking and *commercial services*, and two *service stations*. An *active frontage*, pedestrian footpaths and verandahs are present on both sides of Kamo Road.

### **Onerahi**

Onerahi Local Centre Zone is located along Onerahi Road. It contains a mix of *retail activities*, *food and beverage activities* and service activities, including a supermarket, police station, medical centre, and postal services, reflecting the more isolated nature of Onerahi. The Local Centre Zone is bisected by two local roads, creating physical barriers maintaining separation between the row of smaller retail shops connected with pedestrian footpaths and verandahs and the supermarket and a large hotel. Recreation and community services, including a library and hall, are located on public land zoned Open Space and Sport and Active Recreation Zones adjacent to the Local Centre Zone.

### **Otangarei**

Otangarei Local Centre Zone is located on William Jones Drive and is the central hub of the Otangarei community. The Local Centre contains *food and beverage activities* and *retail activities* along with social services providers. The Local centre is in close proximity to the Otangarei Primary School, Otangarei Central Reserve, and Te Kotahitanga Marae o Otangarei.

### **Maunu**

Maunu Local Centre Zone is identified in two locations. The first is on the north side of State Highway 14 opposite the Tui Crescent Neighbourhood Centre with existing food and beverage and *educational facilities*. The second site is on the corner of State Highway 14 and Austin Road. This *site* is currently vacant but is subject to the Maunu Town Centre Precinct.

### **Woodhill/Avenues**

The Woodhill/Avenues Local Centre Zone runs along both sides of Maunu Road extending east from State Highway 1 towards the City Centre. It contains a mix of *retail activities* and service activities and good pedestrian network, including *verandahs* on the smaller retail outlets. The mix of activities include food and beverage shops, healthcare facilities, hair salons, and a *service station*.

### **Ruakaka**

Ruakaka Local Centre Zone is situated on the corner of Marsden Point Road and Peter Snell Road opposite the Bream Bay High School. It contains a range of *retail activities, food and beverage activities* and service activities, including a supermarket, bank, medical centre, kindergarten and police station. Most of the shops are connected by pedestrian walkways and *verandahs*, with a large on-site parking area to the front of the *buildings*. A recreational area adjoins the Local Centre Zone on Peter Snell Road.

### **Raumanga**

A large vacant area is situated at the corner of State Highway 1 and Tauroa Street.

### **One Tree Point/Marsden Cove**

Marsden Cove Local Centre Zone is located at Rauiri Drive, Marsden Cove. The Local Centre Zone is oriented around the marina with *buildings* fronting the waterways. A range of *retail activities, food and beverage activities* and service activities exist on-site which are strongly oriented toward providing for marine activities.

**Maunu Town Centre Precinct (PREC3)****Issues**

The Maunu Town Centre Precinct (MTCP) applies to land on the corner of Austin Road and State Highway 14. The Maunu Town Centre Precinct is intended to meet the needs of the growing population in Maunu and the land to the west by providing for *commercial activities*, *community activities* and *residential activities*. The Maunu Town Centre Precinct provisions have been tailored to provide for the development of a new centre and to provide a distinctive sense of place and identity for Maunu.

The Maunu Town Centre Precinct is intended to be the future heart of Maunu. It will provide for activities such as supermarkets, a range of retail goods and services, small scale office activities and some community, recreation and health services.

The Maunu Town Centre Precinct is strategically located, recognising that as Maunu continues to expand towards the west, it will eventually be in the centre of the existing and future residential area. Due to a range of geographic and tenure related constraints, the Maunu Town Centre Precinct is the only viable option for a compact and contiguous commercial centre in close proximity to existing and future residential development.

**Objectives****PREC3-O1 Community Identity**

Create and maintain a community focal point and sense of place for the existing and planned future Maunu residential area and the rural community to the west.

**PREC3-O2 Scale and Intensity**

Development is of a scale and intensity that is in keeping with the *amenity values* of the locality, and particularly those values that contribute to sense of place.

### PREC3-O3 Range of Activities

Provide for *mixed-use* development, including *commercial activities*, *community activities* and *residential activities* that:

1. Provides for the community's social and economic needs.
2. Improves community access to goods, services, community facilities, and opportunities for social interaction.
3. Manages adverse effects on the environment.
4. Does not undermine the vitality and viability of the City Centre.
5. Creates high levels of internal amenity through good quality urban design.

### PREC3-O4 Discouraged Activities

Discourage *industrial activities* within the Maunu Town Centre Precinct.

### PREC3-O5 Commercial Sprawl

Contain *commercial activities* within the Maunu Town Centre Precinct.

To recognise the following attributes as contributing to the character and *amenity values* of the Maunu Town Centre Precinct:

1. Historic *stone walls* incorporated into the development.
2. An active urban environment with a mix of type and scale of activities.
3. Quality *landscaping* and public spaces.
4. A scale of built development commensurate with the prominence and visual effects of the development.
5. Relatively constant levels of noise during the daytime associated with traffic and *commercial activities*.
6. A moderate degree of privacy for *residential activities* within and surrounding the *site*.
7. Adequate and multi-purpose carparking within the *site*.

1. Encouraging *residential activities*, supermarkets, smaller scale *retail activities*, offices, tourist related activities, restaurants, cafes, bars and *entertainment facilities*.
2. Recognising the positive contribution that supermarkets make to centre vitality and function, and the functional and operational requirements of these activities.
3. Avoiding rural production and *industrial activities* (excluding small scale *artisan industrial activities*), large department stores, bulk goods and trade related retail.
4. Limiting large scale, destination-based *community activities* which do not enhance the vibrancy of the Maunu Town Centre Precinct.

### PREC3-P3 Mixed-Use

To encourage *mixed-use* development by providing for *residential activities* primarily located above ground floor commercial uses.

### PREC3-P4 Active Frontages to Internal Pedestrian Areas

### PREC3-P7 Transport and Parking

To manage adverse effects on the safe and efficient operation of the transport network by:

1. Encouraging transport solutions that cater for existing and future residential development on Austin Road, and that avoid, remedy, or mitigate adverse effects on SH14.
2. Encouraging the multi-purpose use of parking spaces, including pick up and drops offs associated with Maunu School, and other community events.

### PREC3-P8 Pedestrian-centric Environment

To require development to be of a quality and design that contributes positively to pedestrian amenity, movements, safety and convenience for people of all ages and abilities.

### PREC3-P9 Zone Interface

To maintain amenity and character by managing built development and the interface between the Maunu Town Centre Precinct and *Residential Zones*, having specific regard to dominance, overlooking and shading.
